

Are Your Buildings Prepared for 2020? Aramark Offers 20 Trends Shaping the Future of Facilities Management

January 8, 2020 at 7:30 AM EST

PHILADELPHIA--(BUSINESS WIRE)--Jan. 8, 2020-- [Aramark](#) (NYSE:ARMK), a global leader in food, facilities management and uniforms, today released a comprehensive guide identifying the top trends influencing the future of facilities management.

This press release features multimedia. View the full release here: <https://www.businesswire.com/news/home/20200108005039/en/>

Aramark's newly released guide, Top 20 Facilities Management Trends for 2020, provides building owners and facility managers with an in-depth look at the future of facilities management. (Graphic: Business Wire)

The report, [Top 20 Facilities Management Trends for 2020](#), provides an in-depth look at the new and innovative approaches building owners and facility managers can take to improve sustainability, space management and occupant well-being within their facilities. From sensor technologies and robotics, to space management and sustainability, these 20 trends are redefining integrated facilities management.

"As experts in managing facilities services, we pride ourselves in being at the forefront of developing and identifying innovative solutions that provide the greatest value and impact on our clients' environments," said John Hanner, President, Facilities Services, Aramark. "These trends will help transform the way facilities managers plan, operate and maintain buildings in 2020 and beyond."
