Partnership will Elevate Workplace Dining with New, Exclusive Mediterranean-branded Menu Concept, OLILLO by Cat Cora

PHILADELPHIA, June 15, 2016 /PRNewswire/ -- Eating at work may never be the same thanks to a strategic partnership announced today between world-renowned "Iron Chef" Cat Cora and Aramark (NYSE: ARMK), the global provider of dining solutions to businesses, universities, schools, hospitals and stadiums. Chef Cora, a TV personality, author, restaurateur and lifestyle entrepreneur, and Aramark have teamed up to transform the on-site dining experience for millions of employees at offices across North America.

As part of the new partnership, Chef Cora and Aramark will introduce a concept developed exclusively for Aramark's business dining clients, called OLILLO by Cat Cora. With a focus on eating well, OLILLO by Cat Cora will offer a delicious, healthy, made-your-way menu, featuring Cora's signature Mediterranean tastes and flavors. The name OLILLO pays tribute to Chef Cora's Greek heritage and is derived from "olives" and "olive oil," a staple of Mediterranean cooking.

"As the first and only female Iron Chef and the first female chef inducted into the Culinary Hall of Fame, Cat Cora has been breaking boundaries her entire career, and we look forward to partnering with her on an innovative approach that we believe will amplify the business dining environment," said Marc Bruno, Aramark's Chief Operating Officer for Business Dining. "By bringing together Chef Cora's award-winning brand and healthy cooking advocacy and Aramark's commitment to enriching and nourishing the lives of the thousands of consumers we serve every day, we have an opportunity to elevate the on-site dining experience with a unique concept that offers guests an even greater variety of culinary options."

"My philosophy and brand has always revolved around creating dining with concepts that are not only delicious but good for you. Aramark and I share this same philosophy and are committed to creating a nationwide revolution in eating well," adds Cat Cora. "Aramark and I also are dedicated to collaboration, innovation and building a culture at OLILLO that centers on real people and the highest quality of excellence in all areas. I am thrilled to partner with Aramark and to open the first OLILLO in New York at Goldman Sachs. It is the first of many to come!"

OLILLO's station design, uniforms and aesthetics convey a calming, rustic at-home cooking vibe. OLILLO by Cat Cora's menu is a "build-your-own" fast casual Mediterranean concept. Evoking Cora's personality and guiding culinary principles -- "Spices of course." "Take chances." and "Abide by the seasons." -- the menu features super greens, grain blends, flatbreads and quinoa tabbouleh with choices of protein, homemade spreads, toppings and dressing.

Aramark's partnership with Chef Cora is the result of employers looking for new and innovative ways to recruit and retain talent, as well as create a more engaged workforce. Across its portfolio, Aramark is continually innovating and diversifying its menu offerings to further enhance the guest dining experience.

With a shared commitment to promoting the benefits of eating well, the partnership with Cora supports Aramark's *Healthy for Life® 20 By 20* commitment to improve the way Americans eat by empowering them to make healthy food, nutrition and lifestyle choices. OLILLO further expands Aramark's comprehensive suite of innovative menu options and nutrition and wellness programs that work together to support healthy lifestyles based on research into global trends, as well as the knowledge of our chefs, dietitians and other experts.

OLILLO by Cat Cora's first partnership with Aramark debuted at the Goldman Sachs café in the firm's 200 West Street global headquarters in New York City, with an appearance by Chef Cora. The 200 West Street café provides a healthy, diverse range of cuisines to Goldman Sachs employees and visitors/guests, while focusing on sustainability, partnering with local restaurants and supporting community engagement efforts.

Aramark is currently in discussion with several other business dining clients about opening OLILLO at their sites. Annually, Aramark serves more than

150 million meals across its 1,200 business dining locations and 2 billion meals globally. Future plans for the partnership include expansion into Aramark's Education and Sports and Entertainment businesses.
